

# Mini Revolvers

The Freedom Arms line of mini revolvers represents a unique blend of old and new. They combine the classic look and feel of their turn-of-the-century counterpart with the latest in modern gunsmithing technology. 9 great models. Precision made in the USA by experienced, skilled craftsmen. American Classics . . . right to the finish.

## All Models

Single action, stainless steel construction, partial polish finish, man-size hammer spur, half cock safety, floating firing pin, simulated ebony grips (impregnated hardwood grips optional), latest Casull improvements. All guns include soft zippered pouch. Lifetime Warranty.

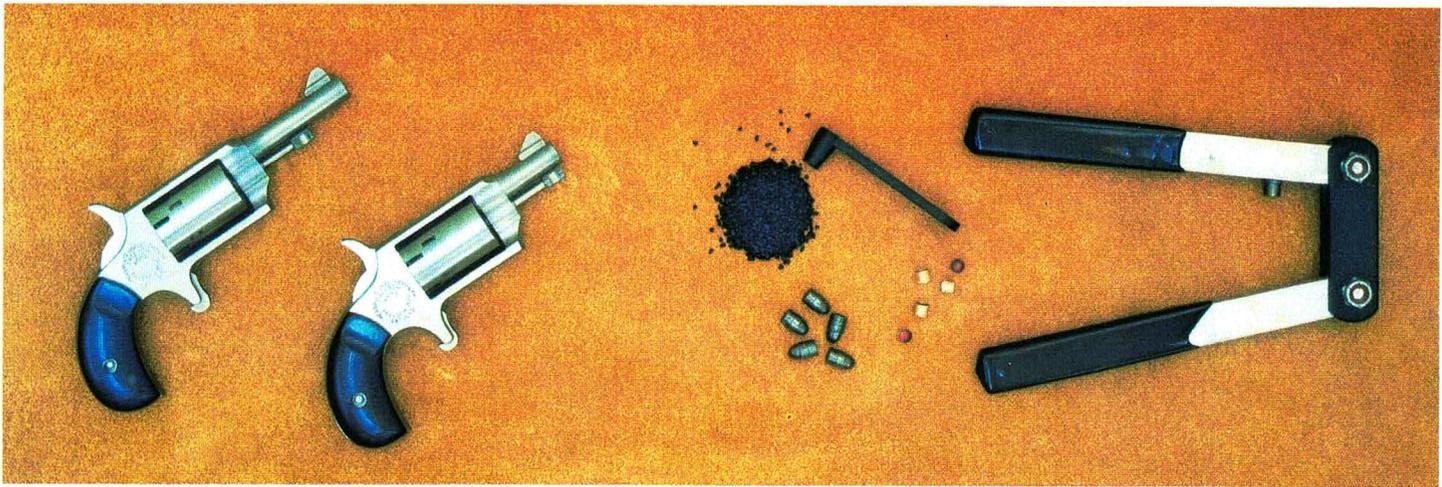

## .22 Caliber Mini Revolver

It is difficult to believe that so much power can be packaged into such a small firearm. Starting at 4 ounces these popular 5-shot mini revolvers are the smallest, lightest and most dependable weapons ever produced. Chambered for .22 short, long and long rifle ammunition, the Freedom .22 caliber mini revolver is the only gun of its kind designed to shoot high power ammunition such as stingers and yellow jackets. For the police officer or anyone who needs a concealable handgun of considerable power, or the outdoorsman needing a lightweight backup revolver, there is nothing comparable.

## .22 Magnum Mini Revolver

Freedom's 4-shot magnum mini revolvers offer the ultimate in concealability and high power performance! At 4¾ ounces this gun offers more power per ounce than any gun ever produced. The magnum is the perfect answer for anyone looking for a potent yet compact firearm. For the discriminating shooter who desires the power of a magnum yet the economy of long rifle ammo, an interchangeable .22LR cylinder is available.

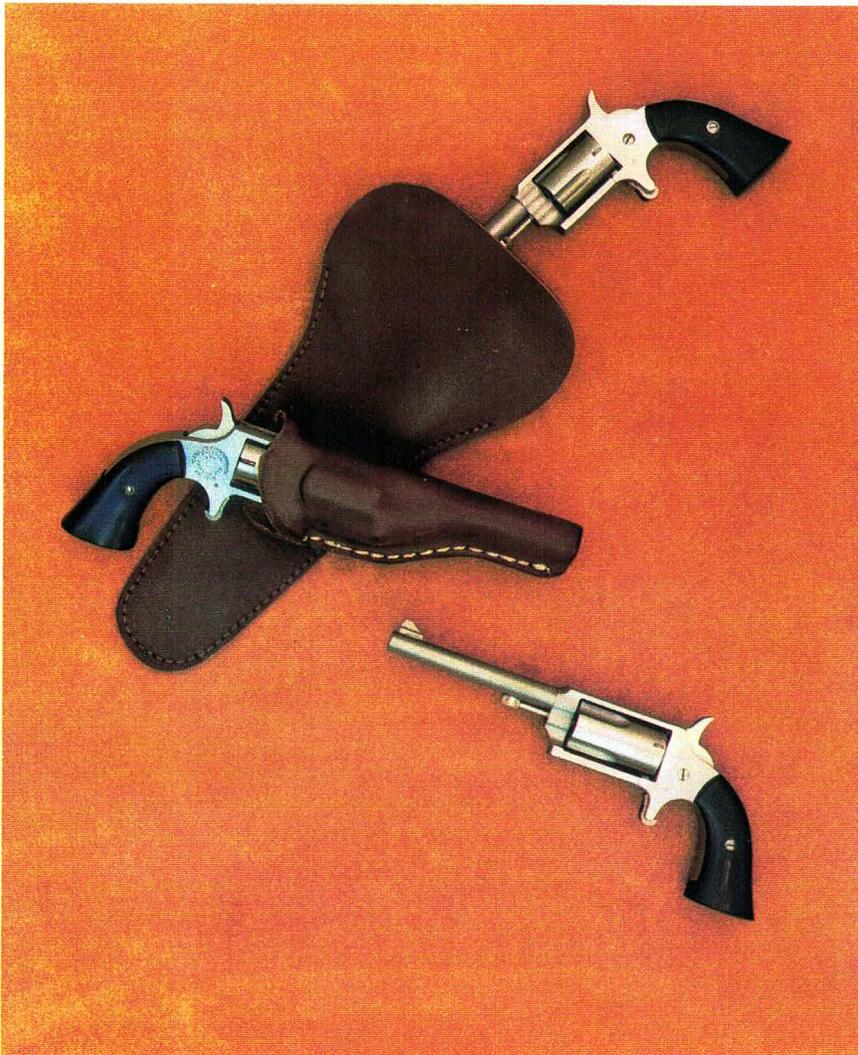

### **New Percussion Mini Revolvers . . . One of a Kind!**

Freedom's percussion revolvers are just what gun enthusiasts have been waiting for. These amazing 5-shot .22 caliber percussion pistols are the first percussion guns ever, capable of shooting bullseye powder! The percussion revolver has all the classic features of the Freedom cartridge revolvers, all stainless steel construction, man-size hammer spur, easy take down for loading, unloading and cleaning, and simulated ebony grips (impregnated hardwood optional). Available in 3 popular barrel lengths, these mini-powerhouses offer pure nostalgic shooting fun.

Includes bullet setting tool, powder measure, twenty bullets and soft zipper pouch.

### **Mini Boot Guns**

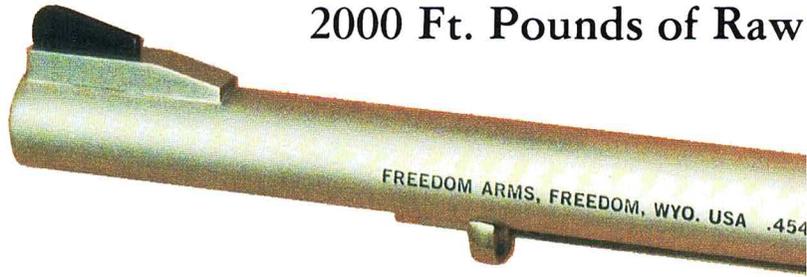

Back-packers, fishermen, any outdoorsman will highly approve of the Freedom Arms Mini-Boot Guns. The long barrel and custom over-sized grips provide greater shooting accuracy without compromising the lightness and concealability the mini revolver is known for. Available in three popular calibers: 22 LR, 22 Magnum, 22 Percussion.

# The .454 Casull Revolver

wer

Unique pitch and design of grip helps absorb the recoil so noticeable in other makes of heavy caliber handguns.

## Penetration Test of .454 Casull!

Unretouched photo of 1/4" steel plate, demonstrates the power and penetration of the .454 Casull at 25 yards in comparison to the .357 Mag. and .44 Mag.

Freedom Arms is pleased to announce that the .454 Casull is now taking its place in the annals of history as the World's Most Powerful Revolver. This awesome handgun is constructed from 17-4 PH stainless steel. It represents Dick Casull's finest work. The .454 Casull is capable of propelling a projectile at velocities exceeding 2000 f.p.s., generating over a ton of energy — nearly twice that of its nearest competitor. It holds five rounds of high-power .454 ammunition (specially developed for this and only this revolver). Its 7½" barrel (4¾", 10" and 12" available) is rifled with a special twist for superior performance under the heavy pressures and hyper-velocities generated by the .454 Casull cartridge. The revolver features a newly patented sliding bar safety system. This new feature is separate from the trigger, allowing a crisp clean trigger pull to match the .454's inherent long range accuracy! This revolver comes standard with fixed sights but is also available with an integrated low-profile adjustable sight and replaceable front blade. The versatile .454 can also chamber the .45 Long Colt cartridges.

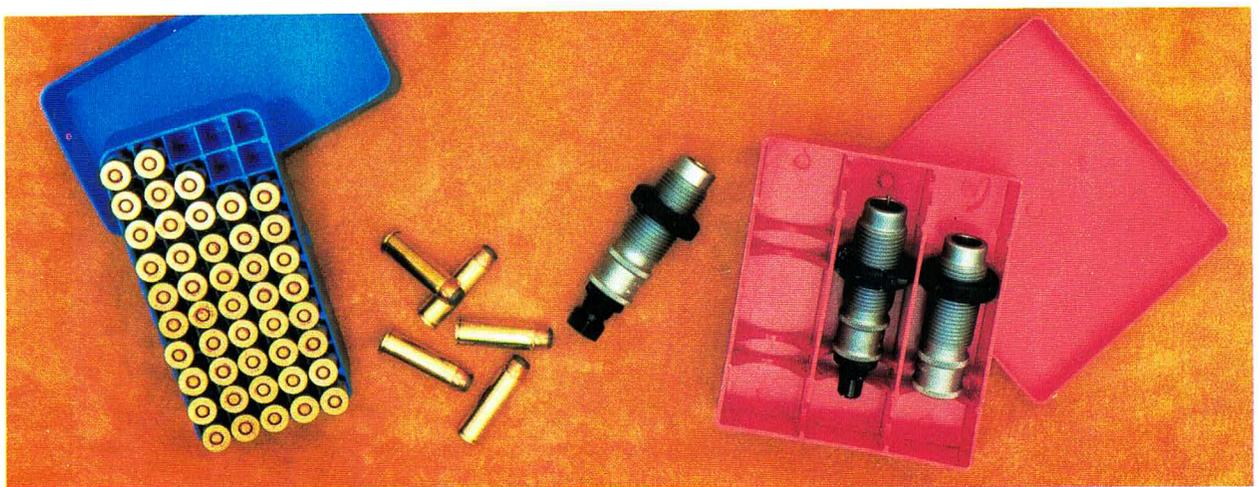

# .454 Accessories

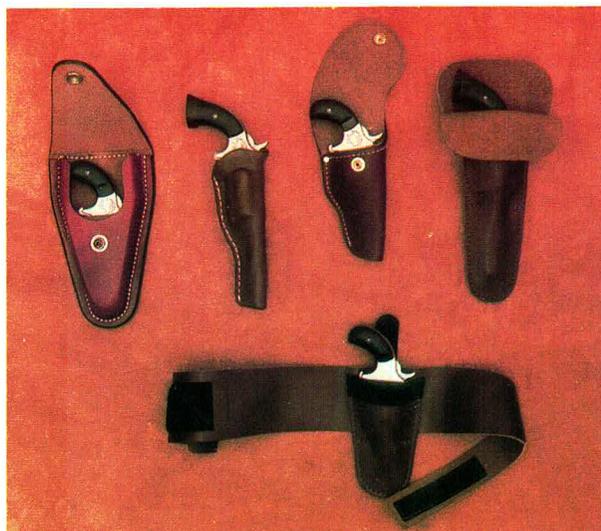

**HOLSTERS AND BELTS.** Made from the best leather in America. The heavy cowhide leather is specially tanned and curried for holsters. It is full, top grain leather, which means that the grain is 100% natural and clean. The grain structure can be seen right through the finish.

**FREEDOM ARMS FACTORY LOADED .454 AMMUNITION.** Specifically designed for the .454 Casull Revolver. This high-velocity cartridge is made from the finest loading components available. Ammunition is packaged in durable 50 round plastic containers.

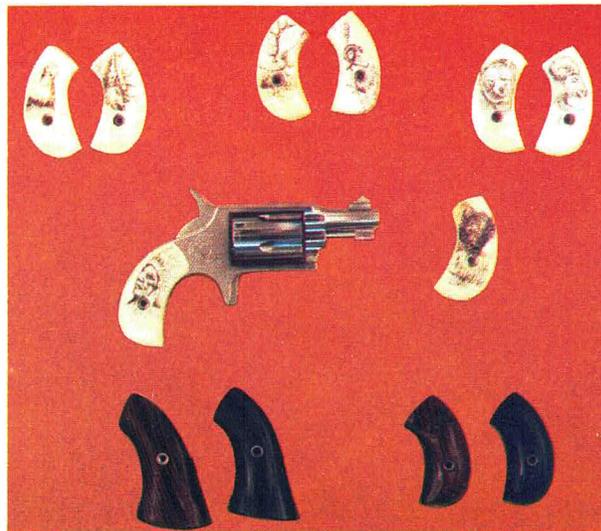

**LOADING DIES.** Held to exacting tolerances and precision made for the .454 Casull.

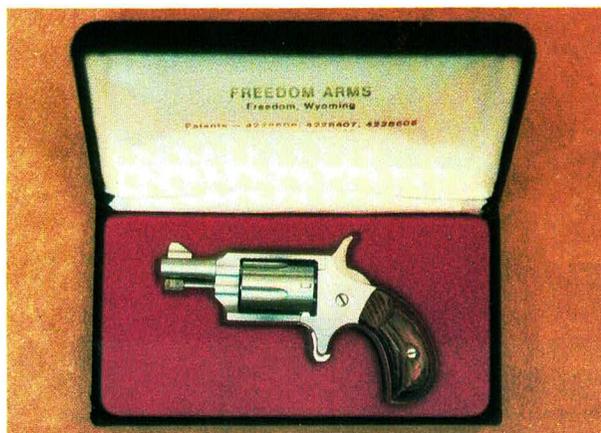

# Mini Revolver Accessories

**HOLSTERS.** Freedom Arms' holsters are made of a light-weight, top grain leather. Ideally suited to carry and protect any mini revolver, yet offer quick and easy access when the gun is needed. (When ordering Hideaway Leg Holster specify length: 14", 17", 20" or 23". Allow 5" to 7" overlap.)

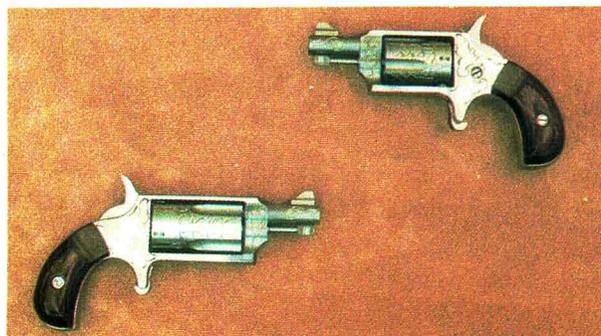

**GRIPS.** All mini revolvers may be special ordered with plain ivory or scrimshawed grips. (Scrimshawing is the delicate art of scribing a design in ivory or bone using a permanent ink to bring out the design.) Both oversized and standard grips may be ordered to fit any revolver in either impregnated hardwood or simulated ebony.

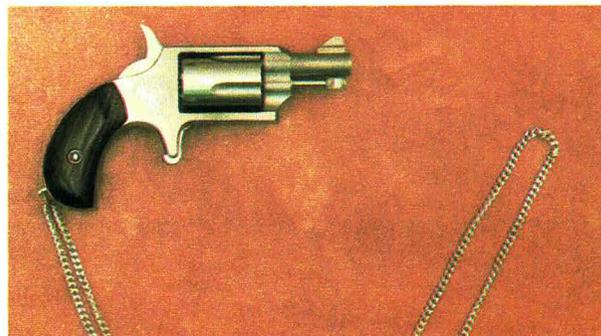

**PRESENTATION CASE.** This attractive case is available for all 1" and 1 3/4" bbl. revolvers. Ideal for gift pack, storage, or display. Black velvet covered steel with red interior. FA-VPC

**ENGRAVING.** For particular gun owners who want that "something extra," all mini revolvers are available engraved. Standard engraving is shown. Special engraving for presentation purposes is also available.

**NECK CHAIN or WATCH FOB.** Stainless steel chain affixed to mini revolver butt on a swivel. Installed at Factory. Specify either 24 or 30 inch chain. FA-SSC

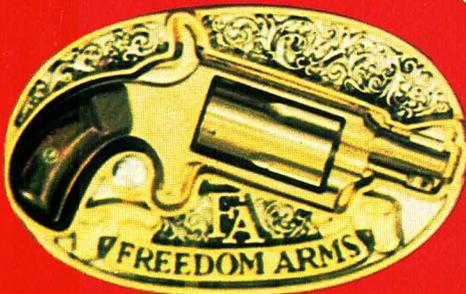

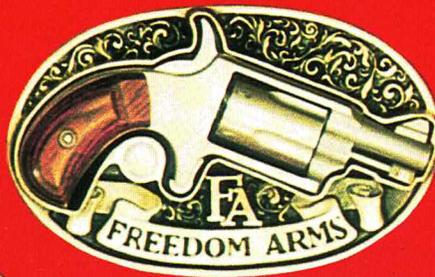

# Belt Buckle Firepower

Freedom Arms has put their famous mini revolvers in a solid brass buckle. The revolver is held in place by a single clip and is removed simply by pressing the button between grip and trigger. The buckle is only slightly larger than the standard western buckles, but the Freedom Arms' buckle has the potential to be

a lifesaver. The buckle will securely hold a fully loaded revolver. Whether it's security you want or a conversation piece, this buckle is ideal! Gun and buckle may be purchased separately. Buckles are available for the .22 LR, Magnum, or Percussion mini revolvers models FA-S-22LR, FA-S-22M and FA-S-22P.
